For immediate release – week of March 1-March 7, 2010

Trails West Begg to Differ

Real Estate not selling in the Flathead Valley? You won't hear Brett Bennetts of Trails West Real Estate say that. Brett is Trails West's Top Producer for 2009 and is nothing but optimistic about the real estate market in the Flathead Valley. Other top producers at Trails West include Matt Buckmaster, who joined Trails West in mid 2009, and closed enough volume to be the second highest producer company wide. Janae Donoghue was the company's third highest producing agent. These Realtors work diligently to serve clients with their knowledge and expertise. The properties they represent range from a starter house in Kalispell, to land in Whitefish, to the most luxurious of lakeshore and view properties. "We couldn't do it without the support of the Realtors, Brokers and staff in our Trails West family," noted Brett.

Trails West would also like to recognize the following agents who were top producers in each office. For Bigfork: Brett Bennetts, Janae Donoghue Moore and Steve Dooling. For Whitefish: Matt Buckmaster, Doug McNicoll and Kelly Talsma. And Lakeside: Sandy O'Connell, David Fetveit and Cindy Lanier.

With five Flathead Valley offices, clients receive timely and knowledgeable service. In addition, Trails West is aggressively developing its technology. The new Trails West website offers potential buyers expanded search options, has enhanced online tracking and measuring capabilities, and provides sellers with immediate response and feedback on their listings. Via the website, Trails West Realtors have the ability to create portals for projects and personal marketing. Most importantly, with today's competitive technology, the new website offers advanced search optimization, and that's a serious plus for Trails West's clients. The affiliation and web presence with Christie's Great Estates is another plus that gives sellers of luxury properties an international presence and referral network for marketing luxury real estate.

With all the chatter about real estate not selling, Trails West begs to differ. The 42 Realtors of Trails West Real Estate closed over 180 transactions in 2009 totaling more than \$80 million in sold volume. Who says property isn't selling in the Flathead Valley? You won't hear Trails West saying that!
